# Introduction

LINVISIBLE is the lead manufacturer of interior flush to wall doors 100% made in Italy, with 30 years of experience delivering to our clientele products and services of exclusive design and elevated quality.

Our business model is focused in offering a full service from support in the projecting phase to the installation on site; providing our customers all that's necessary to create unique spaces, thanks to our wide experience in developing highly customized products of extraordinary design and materials.

Due to LINVISIBLE's international mindset and experience, we have been honored to take part of some of the most exclusive developments in diverse areas of the globe. In this document, we are proud to showcase one of these endeavors and show you a token of what we are able to deliver.

## Description

---

**Project:** Apt | F House

---

**Location:** Milan, Italy

---

**Architect:** Fanti Bozzetti

---

**Photo credits:** Stefano Pedrelli

---

**Schedule:** 2018

Restoration of a 100 sqm apartment located in a historic building designed by the great Giovanni Muzio architect in Milan.

Original structural elements dating back to the year 1928 are combined with modern details and different materials such as brass, marble, resin, and wallpaper.

Linvisible's ceiling-to-floor doors perfectly blend into the interiors as they are characterised by the as wall finish and handles integrated into the panel.

---

# Furnishing specifications

For this project, LINVISIBLE provided **HIGHLY TAILORED DOORS** in a variety of typologies, finishes and dimensions.

In addition to furnishing our doors, LINVISIBLE offered a complete service experience supporting our clients in the design phase, transportation and installation.

## Products furnished:

---

**ALBA** Filo 5 Hinged Door

---

**MAREA** Pocket Door

**Finishes:**  
*As the wall*

# Product descriptions

## **ALBA**

### Filo 5 Hinged Door

Linvisibile's hinged system is our exclusive patented door, which is completely flush with the wall and reinterprets the traditional hinged opening; available in pull and push opening models. It's distinguished by the use of concealed hinges and the absence of doorframes or jambs to achieve seamless continuity between wall and door.

It can be painted in the same finishing as the walls, becoming almost invisible. Or the door structure can be left visible, with only the panel forming part of the design continuum and the panel finishing. The system also can be coated with almost any type of material (metal, stone, leather) to create special atmospheres, in a tasteful way. There are lacquered (glossy or matt) and wooden versions offered as well.

## **MAREA**

### Pocket Door

Linvisibile presents the first Pocket door, which holds an unprecedented technological, functional and patent surplus value. An innovative product that revolutionizes the concept of assembly, handling and maintenance of sliding doors. It can be coated with almost any type of material (metal, stone, leather) to create special atmospheres, in a tasteful way.

There are lacquered (glossy or matt) and wooden versions offered as well. Thanks to its patented guide rail with bumpers, controlling the movement of the door, it allows softly braked opening and closing.
