

LINVISIBLE®

Project showcase

Lake House
Bucharest, Romania

Introduction

LINVISIBLE is the lead manufacturer of interior flush to wall doors 100% made in Italy, with 30 years of experience delivering to our clientele products and services of exclusive design and elevated quality.

Our business model is focused in offering a full service from support in the projecting phase to the installation on site; providing our customers all that's necessary to create unique spaces, thanks to our wide experience in developing highly customized products of extraordinary design and materials.

Due to LINVISIBLE's international mindset and experience, we have been honored to take part of some of the most exclusive developments in diverse areas of the globe. In this document, we are proud to showcase one of these endeavors and show you a token of what we are able to deliver.

Description

Project: Lake House

Location: Bucharest, Romania

Architect: Dofinteriors studio

Photo credits: Arthur Tintu

Schedule: 2020

A luxury project furnished with Linvisible's flush-to-wall doors: Lake House by Dofinteriors studio.

The house benefits from a beautiful perspective towards the lake, so the proximity to nature was one of the premises from which the shaping of the concept began.

The aesthetic balance of natural with essential elements is enhanced by doors, lamps and skirting boards concealed into the wall.

Furnishing specifications

For this project, LINVISIBILE provided **HIGHLY TAILORED DOORS** in a variety of typologies, finishes and dimensions.

In addition to furnishing our doors, LINVISIBILE offered a complete service experience supporting our clients in the design phase, transportation and installation.

Products furnished:

ALBA Filo 5 Hinged Door

Finishes:
As the wall

Product descriptions

ALBA

Filo 5 Hinged Door

Linvisibile's hinged system is our exclusive patented door, which is completely flush with the wall and reinterprets the traditional hinged opening; available in pull and push opening models. It's distinguished by the use of concealed hinges and the absence of doorframes or jambs to achieve seamless continuity between wall and door.

It can be painted in the same finishing as the walls, becoming almost invisible. Or the door structure can be left visible, with only the panel forming part of the design continuum and the panel finishing. The system also can be coated with almost any type of material (metal, stone, leather) to create special atmospheres, in a tasteful way. There are lacquered (glossy or matt) and wooden versions offered as well.
